Hanami Lanterns

Quilt size: 67-1/2" x 78"

Hanami collection
Hoffman Fabrics
Designed by Toby Lischko
on EQ7

Finished Block size:
10-1/2"

Fabric Requirements:

3/8 yard of each of the following:

**H8713-6 Brown, H8714-98 Moss,
H8714-213 Onyx, H8711-213 Onyx,
H8713-213 Onyx, H87110-58 Earth**

1 1/2 yards H8713-33 Cream for blocks and border 1

1 yard of each of the following:

H8710-58 Earth, H8709-213 Onyx

2 yards H8712-213 Onyx for border 2 and binding

4-1/8 yards of any of the **Hanami** collection for backing

72" x 83" batting

PLEASE READ ALL INSTRUCTIONS BEFORE BEGINNING

- An accurate 1/4" seam is essential to the piecing of this quilt. All seams are sewn with 1/4" seams.
- There are two options for putting the blocks together. Each starts with cutting squares from the cream fabric. You can draw a line on the backs of all of the cream squares and sew along the line OR you can use my "Cutting Corners" template set to trim and sew the sections with a 1/4" seam allowance, without drawing the lines.
- The large prints (**H8710-58 Earth and H8709-213 Onyx**) are directional prints and you need to pay attention to the direction of the print when piecing the blocks in the quilt.
- Pay attention to pressing directions of triangles for ease in piecing.

Cutting: (WOF = width of fabric, unless specified)

**H8713-6 Brown, H8714-98 Moss,
H8714-213 Onyx, H8711-213 Onyx,
H8713-213 Onyx, H87110-58 Earth**

Cut **five** 2-1/4" strips WOF from each.

H8713-33 Cream

Cut **fourteen** 2-1/4" strips WOF; sub-cut into
(**240**) 2-1/4" x 2-1/4"

Cut **seven** 2" strips WOF for border 1.

H8710-58 Earth

Cut **seven** 11" x 11" squares.

H8709-213 Onyx

Cut **eight** 11" x 11" squares.

H8712-213 Onyx

Cut **eight** 6-1/2" strips WOF for border 2.

Cut **eight** 2-1/4" strips WOF for binding.

General piecing instructions

Block construction:

Snowball block

1. Mark the backs of all of the 2-1/4" **H8713-33 Cream** squares diagonally with a marking pencil. Place the small cream squares on the four corners of the 11" **H8710-58 Earth** or **H8709-213 Onyx** squares. Sew along the diagonal line and trim seam to 1/4".

OR

Use the "Cutting Corners" triangle template, line up the small square on the corners of the larger squares. Trim with the triangle template by lining up the template with the top and left edge of the small square and sew with a 1/4" seam. (No need to draw the line.)

Sew on drawn line OR Use Cutting Corners

2. Make **eight** Snowball blocks with **H8709-213 Onyx** and **seven** with **H8710-58 Earth**.

Lantern block

3. Sew the following 2-1/4" strip sets together. Make **five** sets of each.

H8711-213 Onyx/H8713-6 Brown

H8714-213 Onyx/H8711-58 Earth

H8713-213 Onyx/H8714-98 Moss

Trim each set to **three** 11" sections.

4. Place the cream 2-1/4" squares on one corner. Sew on line and trim to 1/4" OR use Cutting Corners

triangle template to trim and sew as on the Snowball blocks. Press to triangle. Repeat on opposite corner.

5. Repeat with other two corners and the 2-1/4" cream squares. Press to strips.

6. Sew **three** matching 11" pieced strip sets together. Press seams in same direction.

Quilt construction:

Referring to the cover photo, alternate the Snowball blocks and lantern blocks, arranging according to fabrics or making up your own design. Pay attention to the direction of the prints in the Snowball blocks and the directions of the seams for ease in piecing. You will have five blocks across and six blocks down.

Border construction:

1. Sew the **seven** 2" **H8713-33 Cream** strips short ends together with diagonal seams. Measure through the vertical center of the quilt (top to bottom), trim **two** strips to this measurement. Match centers, pin, and sew to sides. Press to border.

2. Measure through the horizontal center of the quilt (side to side), trim **two** strips to this measurement from the remaining 2" strip. Match centers, pin, and sew to top and bottom. Press to border.

3. Sew the **eight** 6-1/2" **H8712-213 Onyx** strips together with diagonal seams. Measure through the vertical center, trim **two** strips to this measurement. Match centers, pin, and sew on to sides. Press to border.

4. Measure through the horizontal center of the quilt. Trim **two** strips to this measurement from the remaining 6 1/2" border strip. Match centers, pin, and sew to top and bottom. Press to border.

5. Layer top, batting, and pieced back and quilt as desired.

Binding:

Sew the **eight 2-1/4" H8712-213 Onyx** binding strips short ends together, with diagonal (45°) seams. Press open. Press in half lengthwise, wrong sides together. Matching raw edges of binding and quilt, sew to quilt top with a 1/4" seam, mitering corners, and matching ends to finish. Fold binding over to the back and hand or machine stitch in place.

Remember to put a label on the back and
ENJOY!

If you can't find the fabric at your local quilt shop, you can find the kit and fabrics at my website:
<http://www.gatewayquiltsnstuff.com>.

A multi-purpose template set, "Cutting Corners", that was used in making this quilt, is also available on my website for trimming corners of snowball, square-in-a-square, and flying geese, for blocks from 3" to 8" finished sizes.
